WORK HISTORY

Fotile (Pvt) Ltd

Associate Software Engineer (MERN)

07/2023 - Present

Achievements

- Practiced agile methodologies, such as Scrum, by actively participating in sprint planning, daily stand-ups, and retrospectives, ensuring efficient project execution and timely delivery of features.
- Demonstrated strong teamwork and communication skills by collaborating with designers, developers, and stakeholders, fostering a collaborative work environment, and effectively resolving technical challenges through open dialogue and knowledge sharing.
- Gained experience in Firebase for seamless integration of authentication, real-time database, and cloud storage functionalities, enabling secure user authentication, efficient data management, and reliable file storage.

Rise Marketing Consultants

Junior Mern Stack Developer

11/2022 - 06/2023

Achievements

- Created stunning user interfaces using HTML and CSS, focusing on delivering visually appealing and intuitive designs to enhance the user experience.
- Utilized React.js to create reusable and modular components, effectively passing and managing data through props, utilizing states and hooks for efficient component-level state management, and implementing conditional rendering techniques to dynamically control the UI based on different conditions.
- Developed robust backend systems using Express.js, leveraging its powerful routing and middleware capabilities to design and implement efficient RESTful APIs, enabling seamless communication between the frontend and backend components of web applications.
- Worked with both SQL and NoSQL databases such as MySQL and MongoDB, designing and implementing wellstructured schemas and efficiently querying data, ensuring data integrity and high-performance database operations for scalable web applications.

EDUCATION

BS(Hons) Computer Science

GC University Lahore

2016 - 2021

2.74/4.00 CGPA

AWARDS

Registered with Higher Education Commission
